- C) El Tejado.

San Lucia Church, Suchitoto

DETAILED ITINERARY:

DAY 1: BORDER EL SALVADOR – FLOWER ROUTE.

Transfer from El Salvador border to Flower Route. Free afternoon.

Lodging in Flower Route.

DAY 2: COFFEE TOUR – FLOWER ROUTE (B, L)

The Flower Route is a coffee plantation area in Western El Salvador and consists of four main towns: Nahuizalco, Juayua, Apaneca and Ataco. The region offers amazing views of mountains and volcanoes, offering crafts, coffee tours, charming towns, markets, and adventure options. Today we will visit a coffee plantation, where during coffee season (Dec - Mar), you will be able to collect coffee along with the locals. After this experience, a guided tour will explain each step of the coffee process at the “beneficio” (mill). Then, we will visit the towns of Flower Route.

After local lunch, free afternoon or optional tours: travelers will be able to enjoy adventure options such as horseback riding, mountain bike, ATV tour, or a zip line tour.

Transfer to hotel.

Lodging in Flower Route.

DAY 3: VOLCANOES NATIONAL PARK – JOYA DE CERÉN - SUCHITOTO (B, L)

Today we will visit Volcanoes National Park, where three amazing volcanoes (Izalco Volcano, Santa Ana Volcano and Cerro Verde) embrace beautiful Coatepeque Lake which fills a crater of another volcano. Izalco Volcano is one of the youngest volcanoes in America given that it was born in the 1700's, whereas Santa Ana Volcano is thousands of years old. Izalco Volcano was known as the “Lighthouse of the Pacific” since its lava guided the ships on the Pacific Ocean Coast. No lava is currently flowing, but both volcanoes are still active since constant fumaroles are present. In Cerro Verde, located in the middle of the other two volcanoes, we will walk around its extinct crater providing breathtaking views of Izalco and Santa Ana Volcanoes and Coatepeque Lake. Local lunch.

Then we will continue to El Salvador’s main archaeological site. Joya de Cerén was declared a World Heritage Site by UNESCO in 1993, and it is known as the “Pompeii of the Americas”. This agricultural community was buried by the ashes of Volcano Caldera back in 600 AD. Thanks to the excellent preservation, this site allows us to witness the everyday lives of the Mesoamerican agricultures of such time period. There is also a comprehensive museum on site. In the museum, you will witness the oldest cacao seeds known in the world.

Continue to Suchitoto colonial town.

Lodging at Suchitoto.

Coffee beans at El Patio

DAY 4: SUCHITOTO - INDIGO WORKSHOP (B, L)

Today we will visit Suchitoto, one of El Salvador's colonial towns. Its name means the place of the Flower Bird. We will walk along the charming cobblestone streets surrounded by lovely old colonial homes. Suchitoto is home to Santa Lucia Church, built in 1853, majestically situated in the town's central square.

We will experience an Indigo Workshop. Indigo is a natural colorant extracted from the Xiquilite plant. It was a very important element for the Mayans since they used it for magical/religious rituals, as a medical plant, for pottery, and for painting. When the Spanish "Conquistadores" arrived to El Salvador in 1524, Indigo became the new source of wealth in the region. Pedro de Alvarado noticed how the Indians used several shades of blue in their clothes. In 1558, the Habsburg King Charles I ordered the territories of Guatemala and Cuscatlán (El Salvador), to produce indigo for Spain. The commercial route was through Granada, then to Cartagena de Indias from where it travelled to Spain.

In the XVII century, the ounce of indigo was as valuable as gold. El Salvador indigo, has always been recognized as top quality worldwide. We will learn the process of indigo as well as art techniques used on clothing as we experiment in designing our own scarf. El Salvador's indigo is considered of the highest quality in the world.

Afternoon transfer to airport for departure flight.
End of services (B)
