MUNA Museum

Museum and Crafts San Salvador

DESCRIPTION

You will first do the brief paperwork that will allow you to exit airport without paying taxes. We will then start heading towards San Salvador, the second largest city of Central America with a population of about 1.8 million people. We will stop in a viewpoint to appreciate the whole city and San Salvador Volcano in the background. We will then visit the handicrafts market where you will find all types of Salvadorean crafts. We will continue to the Anthropology Museum David J. Guzman (MUNA). After the museum, enjoy free time in La Zona Rosa, where you will find a variety of restaurants, bars, coffee shops, stores, and art galleries. Here you will be the owner of your route; you will be given a map so you can decide according to your interests the places you want to visit within the area.

At time specified, return to airport for connecting flight.
